Dear Parents,

We are hoping to establish a Parents' Association at St. Mary's Junior School.

A Parents' Association works with the principal, staff and the board of management to build effective partnerships between home and school.

We would like to invite you to participate in a Zoom Parents' Association training workshop on the 15th of June at 10am. This workshop will be facilitated by the National Parents Council Primary and will give you an overview into what a Parents' Association involves and what is involved in being part of a Parents' Association.

All parents are welcome to join this workshop. Please contact Ms. O'Connor on 086 3123122 for the Zoom link.

Thank you for your continued support.

Kind Regards,
Meabh O'Connor
